

Project: ELCT :: Care2x

Type (E, C, N)¹: E

Reference Number: 8

Error: The cancel button is not always correct

Short Description: There is not a straight line at the cancel button.

Full Description: If you press on the cancel button you will not always get the previous page, you linked somewhere of the care2x.

Implementation Remarks: Please make sure that the cancel button is shown at the top and the end of each file. This can be done while you try to find this error anyway.

Will be realized by: MEROTECH

Estimated Realization: 4 days

Needed till: 1st of February

¹ C=Change; E=Error; N=New

Date: Freitag, 7. Januar 2005
