

**Project: ELCT :: Care2x**

**Type (E, C, N)<sup>1</sup>: C**

**Reference Number: 26**

## **X-Ray**

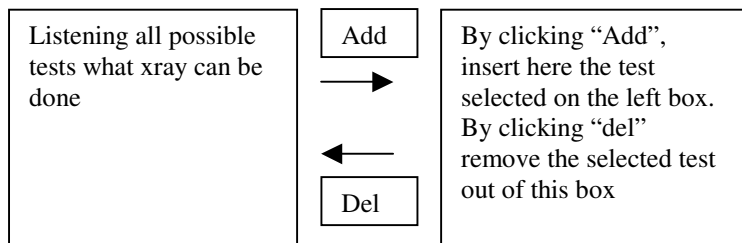

**Short Description:** There must be some customaries about the x-ray form.

### **Full Description:**

There are only two possibility tests: X-ray and sonography. So comment all other items out.

Comment also the field „Requested diagnostic test“ out. The “Clinical information’s” filed is still necessary.

There should be only two text areas to select the current test into it:

For the pending requests: At the bottom of this form there is a textbox with the topic “initial findings”. There is no use of this and should be invisible.

### **Implementation Remarks:**

All the possible tests coming out of a new table on the database. Please find also at the billing account a possibility to administrate the possible test and give each a price. All this tests will be shown later on the bill with each price.

**Will be realized by:**

**Estimated Realization:**

**Needed till:**

<sup>1</sup> C=Change; E=Error; N=New
